

OPTIMIZED GRAPHIC DESIGN FOR

ARRIVE IN STYLE

Akula Jahnavi Valli

1. BRAND LOGO

ARRIVE IN STYLE

The logo of the brand “ORA” uses elegant typography to show its luxurious nature. The logo consists of the brands name and clock hands to represent the watch brand. The dark gray colour gives the brand a sophisticated look.

3. VISITING CARD

The visiting card uses the same logo, colours, typography and time elements as the main brand identity. The visiting card also contains the company's phone number, insta handle, email address and location.

5. BOOK COVER

The book cover of "The History of ORA" uses ORA's typography and colors and contains information about the history and heritage of the brand ORA.

6. T-SHIRT DESIGN

The T-shirt uses the logo as the main visual element. Merch like this T-shirt can help increase brand visibility and become walking advertisements for the brand.

7. STANDEE DESIGN

The Standee uses a large headline, product imagery and a call to action. As people usually view it from a distance, the design uses a clear visual hierarchy to establish the crucial points.

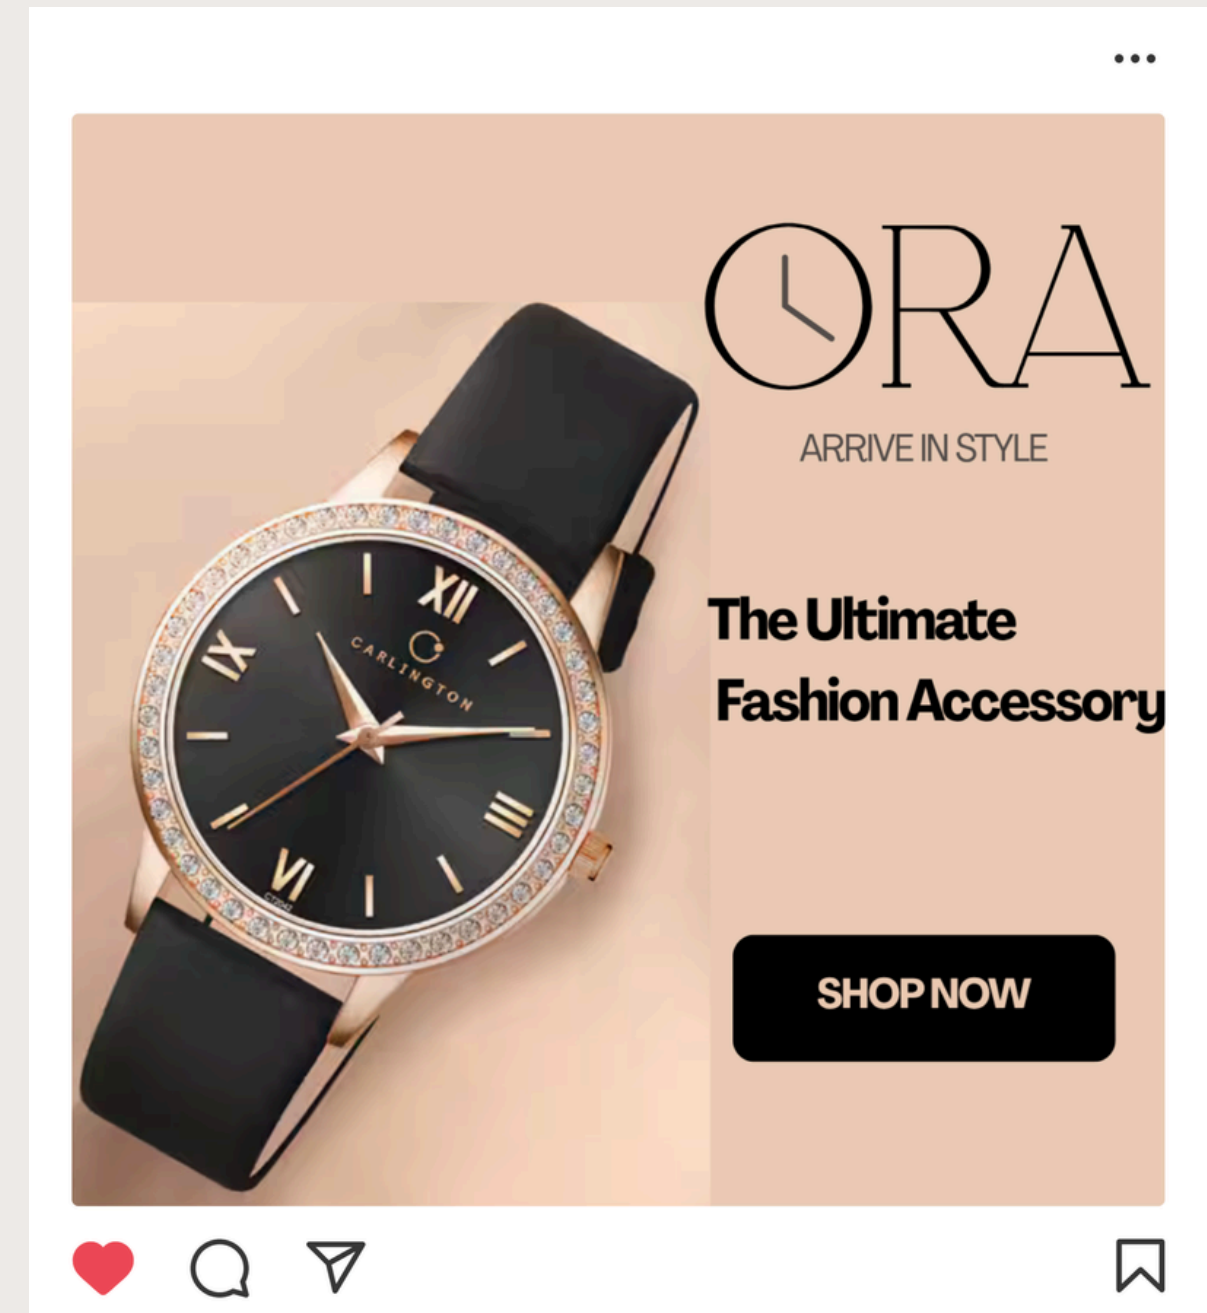

8. BILLBOARD DESIGN

The billboard simplifies the campaign into a strong headline, product imagery, and brand logo. Outdoor advertising requires quick communication, as viewers only have a few seconds to understand the message

9. DIGITAL AD DESIGN

The Digital Ad uses the same campaign identity but is not optimized for a digital screen. The product is clearly visible, the headline is short and the Shop Now button provides a direct Call To Action.
